HUMANITARIAN CRISIS?

The album they dream about finishing may FAIL to materialise without financial aid

IN A DESPERATE BID TO SAVE THE LIFE OF A BAND IN ATHENS AN APPEAL HAS BEEN MADE FOR A MASSIVE INJECTION OF **CASH!** CAN YOU HELP?

IN a shocking statement from the headquarters of Bad Mathematics today a spokesperson told this reporter that *“The album we dream about finishing may FAIL to materialise without financial aid”* We have learned that the album, almost a year in the making, now faces a terrible financial set back and may never materialise.

The group had recently made an international appeal to the public to help them realise this classic magnum opus (reliable confidential sources told this reporter that the work will contain some numbers with tantalising titles, PORNOGRAPHY being one of the saucier ones). The appeal, though moderately successful has not reached the expected target, and given the fact that it is nearly running out of time the situation has now been declared *“A total f@¢%ing disaster”* by the BMHQ Management.

In an exclusive interview with the Management™ they confided that they are absolutely HORRIFIED by the lack of interest from their public, since

*“THEY have been busting our BALLS for fifteen f@¢%ing years to make an album!!! And now we are nearly there no one seems to give a sh*t. It's unbelievable!!!!”*

As far as this paper can tell you dear reader all you really need to do is to follow the links from their various internet pages to the mysteriously named organisation, INDEGOGO, and with the simple click of a button donate any amount over €5.00 that you wish, and it is done. The Management™ stressed that any amount of money over €5.00 would entitle the donor to a free downloadable version of the album.

IS IT TOO MUCH TO ASK?
WELL PERHAPS, BUT THEN AGAIN WHO
IS SO POOR THAT THEY CANNOT SPARE
A FIVER TO HELP CREATE AN AMAZING,
HISTORIC WORK OF ART?**
