THE CHRONICLES OF THE BAND **BAD MATHEMATICS**

SPECIAL EXTRA SUPPLEMENTARY ISSUE

AUGUST 2014

SCORE!!!!

The new album is now almost certain to come out. BUT do we want it???

BAD MATHEMATICS achieved their goal! Shocking news from the HQ of BM. Today, the internet was buzzing with unbelievable reports of hordes of people coming to pay CASH to the band to support them in their misguided efforts to produce an album. In an unconfirmed comment from unknown sources in the BM camp this reporter has been told that *“The band have finally made their target of an unspecified amount of cash from multiple donors!”*.

The band though have been strangely reluctant to verify the facts of the situation.

HARD TIMES says **“IS THIS LEGAL?”**

We called The Management™ to demand comment, but shockingly they person on the phone told us to *“Go f@¢% yourselves!”* and cut the line. But in spite of the repeated nondisclosures of the band we are happy to report that we have procured a list of donors to the bands campaign.
